

**BASIC 32" WINDOW**  
from  
**E. F. BAVIS AND ASSOCIATES, INC.**

The Basic 32" Window includes UL listed and tested 752 Level One bullet resistant glass. This window is encased in a 14ga. black powder coated galvaneel steel frame. The frame assembly provides two layers of corrosion protection consisting of a powder coat outer finish and galvaneel rust resistant 14ga. steel. Other colors are available upon request.

**The low cost Basic 32" Window combined with our Basic Manual Transaction Drawer offers a secure and energy efficient cost effective alternative to sliding glass windows.**

The outside glazing on this assembly is secured with spanner head tamper resistant screws and the angle is glazed at approximately 2 degrees. The window's base is designed without an overhang allowing for easy installation of the drawer.

**Please note that insulated bullet resistant glass is also available as an option with this window.**
